- 1.2 Procurement will be undertaken in compliance with the Public Procurement Act, and its Regulations of 2020.
- 1.3 The Instructions to Consultants (ITC) should be read in conjunction with the PDS. The subject and procurement reference number are provided in the PDS.

- 2.2 Payments will be made directly by the Procuring Entity and will be subject in all respects to the terms and conditions of the resulting contract placed by the Procuring Entity.

3. Corrupt Practices

3.1 It is the policy of the Government of The Kingdom of Eswatini through ESPPRA to require that Procuring Entities, as well as Consultants, observe the highest standards of ethics during procurement and the execution of contracts.

(a) In pursuit of this policy, the Government of Eswatini; defines, for the purposes of this provision, the terms set forth below as follows:

(i) “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value, to influence the action of a public official in the procurement process or in contract execution;

(ii) “fraudulent practice” is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;

(iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;

(iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;

(b) The procuring entity will reject a recommendation for award if it determines that the Consultant recommended for award has engaged in corrupt or fraudulent practices in competing for the Contract;

(c) The Agency will suspend a Consultant from engaging in any public procurement proceeding for a stated period of time, if it at any time determines that the Consultant has engaged in corrupt or fraudulent practices in competing for, or in executing, a Government contract.

3.2 Furthermore, Consultants shall be aware of the provision stated in Sub Clause 15.1(g)-(h) and Sub Clause 2.2 of the General Conditions of Contract.

3.3 In pursuit of the policy defined in Sub-Clause 3.1, the Procuring Entity may terminate a contract if it at any time determines that corrupt, fraudulent, collusive or coercive practices were engaged in by representatives of the Procuring Entity or of a Consultant during the procurement or the execution of that contract.

3.4 In pursuit of the policy defined in Sub-clause 3.1, . the Code of Ethical Conduct for Consultants and Providers as provided in the bidding forms shall be signed by the Consultant and submitted together with the other bidding forms. The Government of Eswatini may suspend a Consultant from engaging in any public procurement or process for a period determined by the Eswatini Public Procurement Regulatory Agency (herein referred to as the Agency), where the Consultant is suspended from the procurement processes of an international agency of which Eswatini is a member.

3.5 Any communications between a Consultant and the Procuring Entity related to matters of alleged fraud or corruption must be made in writing and addressed to the Controlling Officer of the Procuring Entity.

4. Eligible Consultants

- 4.1 A Consultant, and all parties constituting the Consultant, shall meet the following criteria to be eligible to participate in public procurement: (a) the Consultant has the legal capacity to enter into a contract; (b) the Consultant is not: (i) insolvent;
- (ii) in receivership;
 - (iii) bankrupt; or
 - (iv) being wound up
- (c) the Consultant's business activities have not been suspended
- (d) the Consultant is not the subject of legal proceedings for any of the circumstances in (b); and
- (e) the Consultant has fulfilled his or her obligations to pay taxes and social security contributions.
- 4.2 A Consultant may be a natural person, private entity, government-owned entity, subject to ITC Sub-Clause 4.6 or any combination of them with a formal intent to enter into an agreement or under an existing agreement in the form of a joint venture, consortium, or association. In the case of a joint venture, consortium, or association, unless otherwise specified in the PDS, all parties shall be jointly and severally liable. In the case of a consortium or association, the formal intent shall be by way of Memorandum of Understanding which shall be registered with the Registrar of documents if signed in Eswatini or if signed outside Eswatini, shall be notarized.
- 4.3 A Consultant, and all parties constituting the Consultant including sub-contractors and key professional staff, shall have the nationality of an eligible country, in accordance with Section 5, Eligible Countries. A Consultant shall be deemed to have the nationality of a country if the Consultant is a citizen or is constituted, or incorporated, and operates in conformity with the provisions of the laws of that country. This criterion shall also apply to the determination of the nationality of proposed subcontractors for any part of the Contract including related works or supplies.
- 4.4 A Consultant shall not have a conflict of interest, as defined in ITC Clause 5. All Consultants found to be in conflict of interest shall be disqualified.
- 4.5 A firm that is under a suspension by the Agency in accordance with ITC Clause 3.1 (c) or 3.4, at the date of the deadline for proposal submission or thereafter before contract signature, shall be disqualified.
- 4.6 Government-owned enterprises shall be eligible only if they can establish that they are legally and financially autonomous and operate under commercial law.
- 4.7 Consultants shall provide such evidence of their continued eligibility satisfactory to the Procuring Entity, as the Procuring Entity shall reasonably request.

5. Conflict of Interest

5.1 The Eswatini Public Procurement Regulatory Framework requires that Consultants provide professional, objective, and impartial advice and at all times hold the Procuring Entity's interests paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other Procuring Entities, or that may place them in a position of not being able to carry out the assignment in the best interests of the Procuring Entity.

5.2 A Consultant may be considered to have a conflict of interest with one or more parties in this procurement process, if they:

- (a) have controlling shareholders in common; or
- (b) receive or have received any direct or indirect subsidy from any of them; or
- (c) have the same legal representative for purposes of this proposal; or
- (d) have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the proposal of another Consultant, or influence the decisions of the Procuring Entity regarding this procurement process; or
- (e) submit more than one proposal in this procurement process. However, this does not limit the participation of subcontractors in more than one proposal, or as Consultants and subcontractors simultaneously; or
- (f) have been engaged, or any of their affiliates have been engaged, by the Procuring Entity to provide supplies or works for the same project: or
- (g) may be in conflict with another of their, or their affiliates' assignments by performing this assignment.

5.3 Consultants hired to provide consultancy services for the preparation or implementation of a project, and any of their affiliates, shall be disqualified from subsequently providing supplies, works or services related to the initial assignment (other than a continuation of the Consultant's earlier consulting services) for the same project.

5.4 Consultants may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in the PDS and the factors used for the selection of the consultant will take the likelihood of continuation into account. It will be the exclusive decision of the Procuring Entity whether or not to have the downstream assignment carried out, and if it is carried out, which consultant will be hired for the purpose.

5.5 Any previous or ongoing participation in relation to the assignment by the Consultant, its professional staff, or its affiliates or associates under a contract with the Procuring Entity or the Government of Eswatini may result in rejection of the proposal. Consultants should clarify their situation in that respect with the Procuring Entity before preparing the proposal.

7. Clarification of Request for Proposals Document

A prospective Consultant requiring any clarification of the Request for Proposals Document shall contact the Procuring Entity in writing at the Procuring Entity's address indicated in the PDS. The Procuring Entity will respond in writing to any request for clarification, provided that such request is received no later than the date indicated in the PDS. The Procuring Entity shall forward copies of its response to all Consultants who have acquired the Request for Proposals Document directly from it, including a description of the inquiry but without identifying its source. C. Preparation of Proposals

9. Cost of Proposals

The Consultant shall bear all costs associated with the preparation and submission of its proposal, including any negotiations with or visits to the Procuring Entity, and the Procuring Entity shall not be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

10. Language of Proposal and Communications

- 10.1 The medium of communication shall be in writing.
- 10.2 The proposal, as well as all correspondence and documents relating to the proposal exchanged by the Consultant and the Procuring Entity, shall be written in English unless otherwise specified in the PDS.

11. Preparation of Proposals

- 11.1 Consultants are required to prepare and submit separate technical and financial proposals. The proposal submission method shall be a one stage two-envelope method, unless otherwise specified in the PDS. The one stage two-envelope submission method requires a consultant to submit a single envelope containing two separately sealed envelopes, labelled technical and financial proposals which are opened on different dates at separate proposal openings.
- 11.2 A pre-proposal meeting will be held where necessary and shall be indicated in the PDS. Attendance at the pre-proposal meeting is optional.

12. Joint Ventures, Associations and Sub-contracting

- 12.2 Consultants must obtain the approval of the Procuring Entity to enter into a joint venture with Consultants not invited for this assignment or other short-listed Consultants.

- 13.3 Proposed professional staff must, as a minimum, have the experience indicated in the Statement of Requirements/Terms of Reference, preferably working under conditions similar to those prevailing in Eswatini.

- 13.5 Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.
- 13.6 As the determination of the Best Evaluated Proposal will be based, among other factors, on an evaluation of proposed key professional staff, the Procuring Entity expects to award a contract on the basis of the experts and specialists named in the proposal.
- 13.7 The Procuring Entity will not consider substitutions unless both parties agree that undue delay in the procurement process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the proposal may be rejected.

14. Technical Proposal

- 14.1 The technical proposal shall provide the following information using the standard forms contained in Section 4, Proposal Forms:
- (a) The declarations included in the Technical Proposal Submission Sheet (Section 4.1.1);

- (i) A Tender Security or Tender Securing Declaration, as required by the ITC Clause 21 (Section 4.1.11 and 4.1.12);

15.5 The completed financial proposal forms will be used to compile the Breakdown of Contract Price in any resulting Agreement as adjusted if necessary, during evaluation or negotiation. The Breakdown of Contract Price will determine prices for any additional Services or costs.

15.6 Where commissions and gratuities have or shall be paid by the Consultant in relation to the assignment these shall be listed in the Financial Proposal Submission Sheet.

16. Proposal Prices

16.1 Prices quoted by the Consultant shall be fixed during the Consultant's performance of the Contract and not subject to variation on any account, unless otherwise specified in the PDS. A proposal submitted with an adjustable price quotation shall be treated as non-responsive and shall be rejected, pursuant to ITC Clause 30. However, if in accordance with the PDS, prices quoted by the Consultant shall be subject to adjustment during the performance of the Contract, a proposal submitted with a fixed price quotation shall not be rejected, but the price adjustment shall be treated as zero.

The omission of a Consultant’s signature on the record shall not invalidate the contents and effect of the record.

E. Evaluation of Proposals

28. Confidentiality

- 28.1 Information relating to the examination, evaluation, comparison, and postqualification of proposals, and recommendation of contract award, shall not be disclosed to Consultants or any other persons not officially concerned with such process until information detailing the Best Evaluated Consultant is communicated to all Consultants.
- 28.2 Any effort by a Consultant to influence the Procuring Entity in the examination, evaluation, comparison, and post-qualification of the proposals or contract award decisions may result in the rejection of its proposal.
- 28.3 Notwithstanding ITC Clause 28.2, from the time of proposal opening to the time of Contract award, if any Consultant wishes to contact the Procuring Entity on any matter related to the procurement process, it should do so in writing.

29. Clarification of Proposals

- 29.1 To assist in the examination, evaluation, comparison and post-qualification of the proposals, the Procuring Entity may, at its discretion, ask any Consultant for a clarification of its proposal. Any clarification submitted by a Consultant that is not in response to a request by the Procuring Entity shall not be considered. The Procuring Entity’s request for clarification and the response shall be in writing. No change in the price or substance of the proposal shall be sought, offered, or

permitted, except to confirm the correction of arithmetic errors discovered by the Procuring Entity in the evaluation of the financial proposals, in accordance with ITC Clause 31.4.

29.2 If a Consultant does not provide clarifications of its Proposal by the date and time set in the PE's request for clarification, its Proposal may be rejected.

30. Compliance and Responsiveness of Proposals

30.1 The Procuring Entity's determination of a proposal's compliance and responsiveness shall be based on the contents of the proposal itself.

30.2 A substantially compliant and responsive proposal is one that conforms to all the terms, conditions, and requirements of the Request for Proposals Document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

- (a) is inconsistent with the request for proposal and which may limit in any substantial way, the rights of the procuring entity or the obligations of the consultant under the contract;
- (b) if corrected would unfairly affect the competitive position of the other consultants whose proposals are administratively compliant; or
- (c) impacts the key factors of a procurement including cost, risk, time and quality and causes unacceptable -
 - (i) time schedules, where it is stated in the request for proposals that time is of the essence;
 - (ii) alternative technical details, such as design, materials, workmanship, specifications, standards or methodologies; or
 - (iii) counter proposals with respect to key contract terms and conditions, such as payment terms, price adjustment, liquidated damages, subcontracting or warranty.

30.3 If a proposal is not substantially compliant and responsive to the Request for Proposals Document, it shall be rejected by the Procuring Entity and may not subsequently be made compliant and responsive by the Consultant by correction of the material deviation, reservation, or omission.

31. Nonconformities, Errors, and Omissions

31.1 Provided that a proposal is substantially compliant and responsive, the Procuring Entity may waive any non-conformity or omission in the proposal that does not constitute a material deviation.

31.2 Provided that a proposal is substantially compliant and responsive, the Procuring Entity may request that the Consultant submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the

proposal. Failure of the Consultant to comply with the request may result in the rejection of its proposal.

31.3 Provided that a proposal is substantially compliant and responsive, the Procuring Entity shall rectify nonmaterial nonconformities or omissions. To this effect, the proposal price may be adjusted, for comparison purposes only, to reflect the price of the missing or non-conforming item or component. The cost of any missing items will be added to the proposal price using the highest price from other consultants.

31.4 Provided that the proposal is substantially compliant and responsive, the Procuring Entity shall correct arithmetic errors on the following basis:

(a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;

(b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail, and the total shall be corrected; and

(c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

31.5 If the Consultant that submitted the best evaluated bid does not accept the correction of errors, its proposal shall be rejected.

32. Preliminary Examination of Proposals – Eligibility and Administrative Compliance

32.1 The Procuring Entity shall examine the legal documentation and other information submitted by Consultants to verify the eligibility of Consultants in accordance with ITC Clause 4.

32.2 If after the examination of eligibility, the Procuring Entity determines that the Consultant is not eligible, it shall reject the proposal.

32.3 The Procuring Entity shall examine the technical proposals to confirm that all documents and technical documentation requested in ITC Clause 14 has been provided, and to determine the completeness of each document submitted.

32.4 The Procuring Entity shall confirm that the following documents and information have been provided in the technical proposal. If any of these documents or information is missing, the offer shall be rejected.

(a) Technical Proposal Submission Sheet, including:

- (i) a brief description of the services offered; and
- (ii) the correct validity date of the proposal

(b) separately sealed financial proposal;

(c) written confirmation of authorisation to commit the Consultant; and (d) a Tender Security or Tender Securing Declaration, if required.

32.5 Eligibility and administrative compliance shall be determined on a pass or fail basis and a proposal which is not eligible or administratively compliant shall be rejected at the preliminary stage of evaluation.

33. Detailed Evaluation

- 33.1 The Procuring Entity shall technically evaluate the proposals on the basis of the Consultant's responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria, and methodology specified in Section 3. A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve any minimum technical score indicated in Section 3.
- 33.2 The Procuring Entity may, where so indicated in the PDS, conduct interviews with the key staff stated in the PDS. The expected method and date of interview shall be as indicated in the PDS. All costs associated with any interviews shall be for the account of the consultant(s) concerned. Consultants shall be provided with adequate notice of any interviews planned.
- 33.3 The proposals proceeding to the financial evaluation shall be determined in accordance with the methodology and criteria specified in Section 3.

34. Opening of Financial Proposals

- 34.2 The Procuring Entity shall simultaneously notify the Consultant(s) whose proposals passed the technical evaluation stage, indicating the date and time set for the opening of financial proposal(s). The opening date shall not be sooner than fourteen (14) days after the notification date where foreign tenderers are included, or seven (7) days where all tenderers are national. The notification will be sent in writing.
- 34.3 The financial proposal(s) shall be opened in the presence of the Consultants' representatives who choose to attend. The name of the Consultant, the technical score, and the proposal price(s) shall be read out and recorded when the financial proposal(s) are opened. The Procuring Entity shall prepare minutes of the public opening.

35. Conversion to Single Currency

- 35.1 For evaluation and comparison purposes, the Procuring Entity shall convert all proposal prices expressed in the amounts in various currencies into a single currency. The exchange rate shall be the prevailing Central Bank of Eswatini exchange rate and shall not precede the tender submission deadline by less than twenty one (21) days. Should this date be a non-working day, the selling exchange

rate on the date prior to this non-working day shall be used for currency conversion or as otherwise specified in the PDS.

36. Margin of Preference

- 36.1 Unless otherwise specified in the PDS, a margin of preference shall apply. Where a Margin of Preference applies, its application and detail shall be specified in Section 3, Evaluation Methodology and Criteria.

37. Financial Comparison of Proposals

- 37.1 The Procuring Entity shall financially compare each financial proposal that has been opened.
- 37.2 To financially evaluate a proposal, the Procuring Entity shall only use the criteria and methodologies defined in this Clause and in Section 3, Evaluation Methodology and Criteria. No other criteria or methodology shall be permitted.
- 37.3 In the calculation of the evaluated price of each proposal, the Procuring Entity shall include the costs stated in Section 3, Evaluation Methodology and Criteria.
- 37.4 To determine the evaluated price, the Procuring Entity shall consider the following:
- (a) the proposal price;
 - (b) price adjustment for correction of arithmetic errors in accordance with ITC Sub-Clause 31.4;
 - (c) adjustment for nonconformities and omissions in accordance with ITC SubClause 31.3; and
 - (d) adjustments due to the application of a margin of preference, in accordance with ITC Clause 36.

38. Determination of Best Evaluated Proposal

- 38.1 The Procuring Entity shall compare all substantially compliant and responsive proposals to determine the best evaluated bid/proposal, in accordance with Section 3, Evaluation Methodology and Criteria.

39. Post-qualification of the Consultant

- 39.1 If so stated in Section 3, the Procuring Entity shall determine to its satisfaction whether the Consultant that is selected as having submitted the best evaluated proposal is qualified to perform the Contract satisfactorily.
- 39.2 The determination shall be based upon an examination of the documentary evidence of the Consultant's qualifications submitted by the Consultant, pursuant to ITC Clause 19, to clarifications in accordance with ITC Clause 29 and the qualification criteria indicated in Section 3, Evaluation Methodology and Criteria. Factors not included in Section 3 shall not be used in the evaluation of the Consultant's qualifications.
- 39.3 An affirmative determination shall be a prerequisite for award of the Contract to the Consultant. A negative determination shall result in disqualification of the

proposal, in which event the Procuring Entity shall proceed to the next best evaluated proposal to make a similar determination of that Consultant's capabilities to perform satisfactorily.

39.4 If pre-qualification has been conducted, no post-qualification will be conducted but pre-qualification information shall be verified.

40. Negotiations

40.1 Negotiations may be held with the best evaluated Consultant following the evaluation of proposals.

40.2 The cost of any negotiations or technical discussions shall be borne by the respective parties themselves.

F. Award of Contract

41. Award Procedure

41.1 The Procuring Entity shall issue a Notice of Intention to Award within ten (10) working days after a decision of the relevant approvals authority to award a contract, to all Consultants who participated and the Agency for publication on its website.

41.2 A Procuring Entity shall not award a contract to the best evaluated consultant until the lapse of ten (10) working days after the date of issuance of the notice of intention to award.

41.3 The Procuring Entity shall award the Contract to the Consultant whose offer has been determined to be the best evaluated proposal, provided that the Consultant is determined to be qualified to perform the Contract satisfactorily and subject to satisfactory negotiations.

42. Procuring Entity's Right to Accept or Reject Any or All Proposals

42.1 The Procuring Entity reserves the right to accept or reject any proposal, and to annul the procurement process and reject all proposals at any time prior to contract signature and issue by the Procuring Entity, without thereby incurring any liability to Consultants, subject to adherence to Regulation 26 and 27 of the Public Procurement Regulations of 2020.

43. Signing and effectiveness of the Contract

43.1 On expiry of the ten (10) working days after the date of issuance of the Letter of Appointment/ Letter of award, the Procuring Entity shall sign a contract with the successful Consultant.

43.2 Failure by the successful Consultant to sign the contract shall constitute sufficient ground for annulment of the contract award.

43.3 Effectiveness of the Contract shall be subject to any conditions specified in the Contract.

44. Debriefing

44.1 Where a Consultant requests information on the reasons for their success or failure of their proposal, after a Notice of Intention to Award has been issued, the Procuring Entity shall give the Consultant a written debrief.

45. Procurement Related Complaints and Administrative Review

45.1 The procedures for making a Procurement-related Complaint are as **specified in the PDS**.

46. Abnormal Low and Abnormally High Prices

46.1 Abnormally Low Prices

46.1.1 An Abnormally Low Price is one where the financial price, in combination with other constituent elements of the proposal, appears unreasonably low to the extent that the price raises material concerns with the Procuring Entity as to the capability of the Consulting firm to perform the Contract for the offered price.

46.1.2 In the event of identification of a potentially Abnormally Low Price by the evaluation committee, the Procuring Entity shall seek written clarification from the firm, including a detailed price analyses of its price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the RFP document.

46.1.2 After evaluation of the price analyses, if the Procuring Entity determines that the firm has failed to demonstrate its capability to perform the contract for the offered price, the Procuring Entity shall reject the firm's proposal.

46.2 Abnormally High Prices

46.2.1 An abnormally high price is one where the proposal price, in combination with other constituent elements of the proposal, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Consultants is compromised.

46.2.2 In case of an abnormally high tender price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct, and review the RFP to check if the Terms of Reference, scope of work and conditions of contract are contributory to the abnormally high proposals. The Procuring Entity may also seek written clarification from the Consultants on the reason or the high proposal price. The Procuring Entity shall proceed as follows:

- i) If the proposal price is abnormally high based on wrong estimated cost of the contract, the Procuring Entity may accept or not accept the proposal depending on the Procuring Entity's budget considerations.

ii) If Terms of Reference, scope of work and/or conditions of contract are contributory to the abnormally high proposal prices, the Procuring Entity shall reject all proposals and may re-invite for proposals for the contract based on revised estimates, Terms of Reference, scope of work and conditions of contract.

46.2.3 If the Procuring Entity determines that the Proposal Price is abnormally too high because genuine competition between Consultants is compromised (often due to collusion, corruption or other manipulations), the Procuring Entity shall reject all Proposals and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise and inform the Agency, before re-inviting for proposals.

Section 3. Evaluation Methodology and Criteria

A Evaluation Methodology

1. Methodology Used

The evaluation methodology to be used for the evaluation of proposals received shall be ***Quality and Cost Based Selection (QCBS): The procuring entity shall select the quality and cost-based selection method as the preferred method to be used in evaluating proposals. This implies that the proposal is judged on its quality and pricing (qualityprice oriented)***

Quality Based Selection (QBS): This method focuses on putting emphasis and selecting the highest quality proposed. Technical bid is evaluated against the set criteria on a merit point system to determine the best technical bid without accessing the financial bid. The quality of a bid shall be the primary factor to be considered. The best technical bid shall take priority in the first instance.

2. Summary of Methodology

The evaluation shall be conducted in three sequential stages –

- (a) a preliminary examination to determine the eligibility of consultants and the administrative compliance of bids received;
- (b) a detailed evaluation to determine the commercial and technical responsiveness of the eligible and compliant proposals; and

The Consultant that achieves the highest combined technical and financial score will be notified and invited for negotiations.

The lowest evaluated Financial Proposal (Fm) is given the maximum financial score (Sf) of 100.

The formula for determining the financial scores (Sf) of all other Proposals is calculated as following:

$Sf = 100 \times Fm / F$, in which “Sf” is the financial score, “Fm” is the lowest price, and “F” the price of the proposal under consideration.

Part 2: Section 3. Evaluation Methodology and Criteria

The weights given to the Technical (T) and Financial (P) Proposals are:

T = ____ 80, and

P = ____ 20

Proposals are ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) as following:

$$S = St \times T\% + Sf \times P\%.$$

Background and Strategic Context

The Municipal Council of Mbabane (MCM) is the administrative and economic capital of the Kingdom of Eswatini and is mandated to provide efficient, inclusive, and sustainable municipal services. In pursuit of this mandate, MCM seeks to transform Mbabane into a resilient, sustainable, and investor-friendly Smart City, in line with its Integrated Development Plan (IDP) and the 2025 Sustainable Development Goals (SDGs) Voluntary Local Review Report. The Integrated Development Plan outlines the following strategic objectives: a) Promotion of local economic development (LED) through investment attraction, small business development, youth empowerment, and job creation. b) Advancement of digital transformation through ICT integration, e governance, and enhanced connectivity. c) Modernisation of municipal infrastructure, including roads, stormwater management, waste management, and public safety systems. d) Promotion of sustainable urban planning and spatial development. e) Strengthening governance through participatory stakeholder engagement, data-driven decision-making, and climate-resilient service delivery. To effectively deliver on these priorities, MCM recognises the need for a robust, modern, and performance-driven Performance Management System (PMS) that aligns individual and departmental performance with institutional objectives, enhances accountability, motivates employees, and supports a results-based organizational culture.
